# BODY

## OMBRESCULPT 30MIN \$250

OMBRESCULPT has applicators that emit ELECTROMAGNETIC energy for muscle toning. OmbreSculpt uses a non-invasive technology known as High Intensity Pulsed ElectroMagnetic (HIPEM)energy to promote muscle contraction at their peak power and ability. This high-intensity muscle workout will lead to the remodelling and enhancement of muscles, as well as effective fat burning

## OMBRE FAT FREEZE 45 MIN \$250

Ombre fat freezing, is a nonsurgical fat reduction procedure that uses cold temperature to reduce fat deposits in certain areas of the body. This procedure is designed to reduce localized fat deposits or bulges that do not respond to diet and exercise.
